## Message From The Chief

I am pleased to present the Chandler Police Department Annual Report for Fiscal Year 2009-10. This has been a busy and exciting year.

Some of the highlights that you will find in this report include a review of new programs such as the Child Abuse Prevention and Awareness Campaign and the live television segment called Lo Mejor De Chandler or "The Best of Chandler" for Spanish speaking community members to become involved in preventing and solving crime. You will also see that we have continued for the third consecutive year to make significant improvements in lowering our response times to Priority 1 calls for service. Additionally, the Part I Crime Rate has decreased almost 9% from the previous fiscal year. We have also seen the successful implementation of our participation in a regional crime information-sharing project called COPLINK as well as our internship program with universities and community colleges for students studying criminal justice.

This year we also dedicated the new Chandler Public Safety Memorial Plaza as we remember and honor those who have made the ultimate sacrifice in serving and protecting our community.

We have made significant strides and accomplishments this year towards each of the three goals outlined in our Department's Strategic Plan.

- Crime Suppression
- Strengthen Relationships & Partnerships
- Continue to Develop Infrastructure

As always, Chandler Police employees continue to be dedicated to making Chandler one of the best cities in the world in which to live, work, and play. We were happy to learn that Chandler was named this year as an All-America City!

I hope that you enjoy this annual report. If you have any questions or comments regarding this report, please do not hesitate to contact our Planning & Research Section at (480) 782-4082.

*Sherry Kiyler*  
 Police Chief

# Strategic Plan Update

The following summarizes this year's accomplishments towards goals set in the Department's Strategic Plan.

## **Crime/Disorder Prevention and Reduction Through Proactive Problem Solving Strategies and Community Partnerships:**

- Initiated a program to review burglaries and prepare crime maps for each precinct.
- Conducted the GAIN (Getting Arizona Involved in Neighborhoods) event.
- Participated in the countywide Child Abuse Prevention and Awareness Campaign.
- Partnered with the Mesa Police Department and the United States Marshal's Service to apprehend gang members and fugitives.
- Partnered with other City Departments to reinstitute the Graffiti Tracking Program.
- Deployed a new bait vehicle for use in areas of high vehicle burglaries and auto thefts.
- The Crime Analysis and Research Unit (CARU) now provides support for the Department-wide monthly crime-fighting meeting.

## **Strengthen Relationships & Partnerships:**

- Recently all East Valley agencies have been asked to prepare a list of resources that could be provided during an incident should an agency need a particular piece of equipment or specialty resource that they do not have.
- Continued a partnership with the Gilbert Police Department funding a Criminalist and a Crime Scene Technician position.
- Active member of the City's Emergency Management Team, which provides training and emergency preparedness plans.
- Continued to provide full-time officers for the East Valley Gang and Criminal Information Fusion Center, Arizona Violent Fugitive Task Force, Arizona Auto Theft Task Force, Joint Terrorism Task Force, and the Arizona Counter Terrorism Task Force.

## **Develop Infrastructure:**

- Records Management System – This project involves a single, fully integrated records management system that replaces four different software systems to record and maintain police reports and meet crime-reporting requirements. The contract was approved in March 2010 and involves an 18-month implementation period.
- Radio System – This project has started and will provide a reliable communications system and is part of the Regional Wireless Cooperative.

## Mission Statement

The Chandler Police Department exists to serve all people within our jurisdiction with respect, fairness and compassion. Department employees are committed to the prevention of crime and the protection of life and property; the preservation of peace, order, and safety; the enforcement of laws and ordinances; and the safeguarding of constitutional guarantees. With customer service as our foundation, we are driven by goals to investigate problems and incidents, to seek solutions in partnership with our community and to foster a sense of security in neighborhoods and individuals. We build and maintain public trust by holding ourselves to the highest standards of performance and ethics. To fulfill this mission, the Chandler Police Department is dedicated to providing a quality work environment and development of its members through effective training and leadership.

<b>Total</b>	<b>\$87,394,951</b>	<b>\$87,137,035</b>	<b>\$89,221,120</b>

## Grant Funding Overview

The Chandler Police Department aggressively seeks grant funding opportunities. This effort results in enhanced services to the community that may not otherwise be possible. During Fiscal Year 2009-10, the Department was awarded over \$875,000 in grant funding.

<i>Federal Grants</i>	<i>Amount</i>	<i>Purpose of Grant</i>
Justice Assistance Grant	\$433,610	Technical support, investigative equipment
Justice Assistance Grant	\$101,205	Investigative and video equipment
Highway Safety	\$ 30,000	Seatbelt enforcement
Highway Safety	\$ 24,676	Seatbelt enforcement
Highway Safety	\$ 83,516	DUI enforcement
Highway Safety	\$ 12,854	DUI equipment
Highway Safety	\$ 16,284	DUI equipment
Highway Safety	\$ 11,395	Accident investigation training
Highway Safety	\$ 5,000	Traffic enforcement motorcycle equipment
Victims of Crime Act	\$ 57,740	Victim support
Internet Crimes Against Children	\$ 32,195	Equipment/training to support investigations
<i>State Grants</i>	<i>Amount</i>	<i>Purpose of Grant</i>
Victim Assistance	\$ 24,400	Victim support
Auto Theft Awareness	\$ 1,745	Public education, VIN etching equipment
DUI Abatement	\$ 32,691	DUI education
Training Grant	\$ 11,900	Firearms simulator training equipment

# Memorial Plaza Dedicated To Those Who Serve

On September 11, 2009, the City dedicated the Public Safety Memorial to the men and women that serve the citizens of Chandler in the capacity of a sworn police or fire employee. Attendees to this dedication were treated to a touching display by the Police and Fire Honor Guards, as well as the Chandler Pipes and Drum Band.

## Crime Statistics

### Calls For Service by Priority

Year	Priority 1	Average Response Time	Priority 2	Average Response Time	Priority 3	Average Response Time
2007-08	15,334	6:16	38,368	16:06	37,727	28:00
2008-09	14,121	5:47	36,686	13:58	39,847	24:06
2009-10	14,534	5:22	35,509	13:12	34,795	23:22

### Part I Crimes

“Part I Crimes” are particular crimes uniformly identified by law enforcement agencies as a baseline for activity within an agency’s jurisdiction. The number of Part I Violent Crimes is determined by adding all homicides, robberies, rapes and aggravated assaults that have occurred within the Chandler city limits during a fiscal year. Part I Crimes Against Property are comprised of all burglaries, thefts, auto thefts and arsons. The “Part I Crime Rate” is the number of these crimes per 1,000 citizens residing in the City of Chandler.

### Number of Occurrences

	2007-08	2008-09	2009-10
All Part I Crimes	8,754	8,861	8,086
Homicide	10	4	6
Rape	56	52	56
Aggravated Assault	523	493	410
Robbery	235	236	211
Burglary	1,258	1,433	1,421
Theft	5,761	5,938	5,570
Motor Vehicle Theft	833	622	364
Arson	78	83	48

### Crime Rates

Per 1,000 Citizens	2007-08	2008-09	2009-10
Overall Part I Crime Rate	34.9	35.2	31.8
Violent Crime Rate	3.3	3.1	2.7
Property Crime Rate	31.6	32.0	29.1

# City of Chandler 2009 Crime Clock

## Bicycle Team Provides Specialized Patrol Option

The Chandler Police Department's Bicycle Team (Bike Team) provides specialized patrol operations. The Bike Team is charged with addressing street level crime in the downtown area, assisting in high-density patrol, educating citizens in crime prevention and is uniquely equipped to address quality of life issues, including taking an active role in dozens of special City events.

In this past year, the Bike Team's street level contacts produced information that contributed to the reduction of crime. Street contacts of this type have helped to solve many crimes and developed information leading to the apprehension of serious offenders as well as the seizure of stolen weapons and money.

Bike Team members contacted and educated citizens about the hazards of

leaving valuable items in their vehicles, using awareness skills when going about their normal business and making their homes and businesses less of a target for criminal activity. The Bike Team utilized their special knowledge, skills and equipment designed for working special City events. Such efforts resulted in a safe and secure environment for patrons to enjoy their activities.

## Crime Information Sharing

The Police Department is now participating in a regional crime information sharing project called COPLINK. This collaboration with other East Valley police agencies allows for the sharing and analyzing of offender and other critical investigative data among the agencies.

## Emergency Operations Center

In October 2009, the City of Chandler unveiled its new Emergency Operations Center (EOC). Located on the third floor of the new Fire Department Headquarters, this EOC is arranged in accordance with the National Incident Management System (NIMS) and the tenets of the federal Incident Command System (ICS). EOCs are used by organizations for the purpose of responding to large-scale emergencies. Those overseeing resources needed for an emergency response are brought together to one location for the purpose of cross-managing these resources. In the event of a major disaster, the EOC has four main components: operations, logistics, planning and finance/administration. These sections are supported by the executive, safety and information groups, as well as support staff.

The center is designed based on lessons learned from large-scale emergency situations throughout the world. One of the major advantages of the EOC is the ability to communicate on several levels. There are computers at every section, the ability to monitor

### Scribes Fill Critical Role

*After an incident has occurred, because so much is happening so fast, the City has designated a handful of employees to respond to these emergencies to act as "scribes." These individuals are primarily responsible for making observations and taking notes about what is occurring.*

radio frequencies, a satellite phone, and a separate room for amateur radio operators with access to Citizens Band, VHF, UHF, Ham and short wave frequencies. During an emergency, the center serves to coordinate efforts among the Police, Fire and other City Departments, field staff and on-scene command posts as well as Maricopa County, the State of Arizona and federal agencies. Additionally, the federal government offers expertise in the event of a full-scale disaster. It is hoped that the necessity for such a center is rare, but the City is prepared when called for.

## Pandemic Planning

This fiscal year, the Department increased its ability to respond to a community-wide pandemic. First and foremost, the Department reviewed its pandemic plan and updated it with relevant information. A primary focus was to ensure that enough supplies are on hand for first responders to be appropriately protected in the event of a pandemic. Supplies ordered included personal protective equipment, antiseptic and other supplies necessary to promote a safe environment for employees and those they come in contact with.

## Technology Impacts Crime

The Property Crimes Unit of the Chandler Police Department has adapted its enforcement techniques this past year to be more proactive. Technological advances have made it practical to target repeat offenders who are responsible for more than 85% of criminal acts to include burglary, theft, organized retail theft, shoplifting, arson, and environmental crimes. Surveillance techniques, monitoring devices, bait vehicles, undercover operations, networking with other agencies, and information sharing has led to the decrease in these types of criminal activities.

*Can you pick out the bait vehicle?*

Working in an undercover capacity, the Property Crimes Unit was able to infiltrate criminal elements and sell stolen items to gang members and other individuals responsible for buying, selling and pawning stolen property. A suspect termed the “Eyeglass Burglar” was arrested and sentenced to eight years in prison for his involvement in burglarizing several optometry businesses within Maricopa County. A total of six gang members also received prison sentences for their criminal involvement in this same operation. The Property Crimes Unit was also responsible for arresting a group of 15 individuals who considered themselves professional retail thieves. This group, who targeted the Chandler Fashion Plaza and other Valley malls, was responsible for stealing approximately \$150,000 in merchandise. All of the suspects received prison sentences ranging from 2 to 15 years.

These proactive approaches combined with utilizing sophisticated technology has enabled the Property Crimes Unit to help lower the crime rate while concentrating on repeat offenders and groups committing organized retail theft.

## Child Abuse Prevention and Awareness Campaign

The good news is that child abuse cases within the City of Chandler have decreased over the past year. However, the severity of abuse has risen, with cases of severe trauma and even death resulting. Because of this, 50 government agencies Valley-wide have joined together to form the Child Abuse Prevention and Awareness Campaign. The focus is to address child abuse prevention with a three-pronged approach: Awareness, Education and Reporting. The campaign has gone

public with two public service announcements in both English and Spanish. One of the campaign’s goals is to help people recognize both overt and subtle signs of child abuse and how to report suspected cases. While this campaign is currently targeting Maricopa County, it is hoped that resources will soon be available to continue this effort on a State-wide level. The ultimate goal of this campaign is to reduce the number of child abuse cases in Arizona.

## Team 905 Offers An Invaluable Resource To Families

Chandler Police employees are familiar with the Department’s dedicated support group, Team 905. Named after the police code for “back-up,” this group’s mission is to assist the employees and their family members in a variety of ways: providing meals when there is an illness or death in the family; assisting with child-care issues for new families or those that are ill; helping with department sponsored functions; and sponsoring social events for all members of the Chandler Police Department. Long-standing member Tina Phillips reports that, “Whenever we are advised of a family in crisis, we will reach out to them to offer our assistance.” The group has also helped family members of other City of Chandler departments as well as neighboring police agencies. Team 905 members are family and friends of civilian and sworn employees of the Chandler Police Department, however membership is open to anyone. All members of Team 905 share the common goal of wanting to provide assistance not only to the employees, but also to act as a support group to each other.

## Lo Mejor de Chandler

In 2009, in an effort to reach out to our Spanish-speaking community, the Chandler Police Department implemented a program wherein two segments per month are broadcast on Univision Channel 33 Phoenix. These short, informational television programs are positive in nature and cover topics ranging from crime prevention to Halloween safety. This is one of many examples of the Department working to cultivate an atmosphere in which all community members feel confident and welcome to become involved in the various programs and services offered to the residents of Chandler.

## A Day In The Life Of A Patrol Officer

Officer activity can be broken up by time spent on police calls-for-service and administrative duties (i.e. report writing time and court appearances), and uncommitted time for proactive patrol efforts. On average, here is the breakdown:

## Chandler's Top Dogs

The Chandler Police Canine Unit is comprised of five dog handlers and six dogs. The canine units are used for a variety of tasks to make patrol officers' jobs safer and more efficient. The canine teams have been utilized for building searches, area searches, crowd control, high-risk vehicle stops, article searches, public demonstrations, narcotics detection and explosive detection.

Four of the canines are certified in narcotics detection and two certified in explosives detection. In Fiscal Year 2009-10, canine teams were utilized a total of 675 times. The utilizations were:

286 - Patrol related resulting in several suspects and evidence being located

378 - Narcotics detection, with a variety of illegal drugs being located, to include in excess of 530 pounds of marijuana

11 - Explosives detection incidents to include building sweeps related to bomb threats and protective sweeps for special events

Canine teams competed in the Desert Dog Trials this year. During the event, Officer Waters and canine Ringo earned the "Top Dog" award related to Patrol tasks. Sergeant Armentrout and canine Harrie were awarded 1st Place, and Officer Waters and canine Duke were awarded 2nd Place in Explosives Detection.

## Internship Program

The Planning and Research Section offers non-paid college internships. This partnership with the academic community has proven successful for everyone involved. Junior and senior level college students are afforded an opportunity for a practical, hands-on experience in the field of law enforcement. Most interns earn actual college credit through this program while others participate simply to gain experience as a volunteer. Former interns have moved on to work as analysts, teachers and other law enforcement positions.

Interns assist in supporting patrol and investigative efforts by supplying tactical analysis utilizing temporal (timely) and spatial (geographic) analysis. Additionally, intern development includes a Police Department exposure component that includes officer ride-alongs, shadowing communications (911 Center) staff, attending briefings and interacting with internal and external customers.

Additional information about the Internship Program in the Chandler Police Department Planning & Research Section can be found at [www.chandlerpd.com/internships\\_CA.html](http://www.chandlerpd.com/internships_CA.html)

## Volunteers Honored For Their Dedicated Service

On April 15, 2010, the Chandler Police Department held its 15th Annual Volunteer Appreciation Banquet to honor CPD volunteers for their service in 2009. Over the last 15 years, the Chandler Police Department and the Chandler community have benefited from the dedication and service demonstrated by the members of the Volunteers in Policing Program. Over 639 members of our community have volunteered their time to work with us and serve as part of our organization. They have served with a sense of duty and focus that is admired and respected throughout the Valley. To honor the dedication and hours of service donated over the years by individual volunteers, the Chandler Police Department introduced several new awards this year. Awards are now given to recognize volunteers that have provided 1,000+ hours (Bronze Award), 2,000+ hours (Silver Award) and 4,000+ hours (Gold Award). Additionally, a Lifetime Achievement Award is presented to volunteers that have provided 6,000+ hours of service and have made significant long-standing contributions to the Volunteers in Policing Program.
